## ~~Winters~~ Poem ~~about~~

The winters cold strikes like a dagger.  
The winters snow will give you a hammer.  
The christmas cheer you will bear, through the mouth  
of children so happy they could shout,  
when the winter falls so shall we but only as  
soon as we put up our christmas tree.  
Do not doubt that ~~the~~ santas will be here for he  
will spread ~~the~~ ~~joy~~ ~~of~~ ~~christmas~~

If you are good you will get presents of plenty  
But if you are bad your presents will be empty,  
santas list is where you are placed but  
beware, your behaviour can be ~~seen~~ traced.
